**Subject:** Minimalist transitioning approach for Ergon Energy - Aurora Energy Submission

Please find Aurora Energy's response to the questions regarding Minimalist transitioning approach for Ergon Energy.

1. Do you have any concerns with the minimalist transitioning arrangements under which Ergon Energy operates in process discovery requests (under cl.6.8.2) or NMI creation requests (under cl.6.8.3)?

None at present.

2. How long should Ergon Energy continue to operate under the minimalist transitioning arrangements?

At present, Aurora Energy has no preference on whether the minimalist transitioning approach remains in place.

3. Any other comments on the continuation of Ergon Energy's minimalist transitioning approach?

Not at this time.

Regards
