Dear Ms Christie

**QR costing manual amendment—approval**

On 18 March 2021, Queensland Rail submitted a proposal for an amendment to its costing manual to the Queensland Competition Authority for approval. The standard cost allocator of network-wide costs for the Mount Isa region was requested to be 12.5 per cent.

On 22 April 2021, the QCA approved Queensland Rail's proposed amendment, to apply from 2020–21, for the preparation of the annual regulatory accounts.

We will publish this letter on our website for stakeholders' information.

Yours sincerely

Charles Millstead
