Dear Ms Peppler

Endorsed variation event: QCA levy 2025–26

The QCA has approved Aurizon Network's proposal to vary the QCA levy included in reference tariffs to \$0.0189 per net tonne from 1 September 2025 to 30 June 2026.

In accordance with schedule F, clause 5.5(c) of Aurizon Network's 2017 access undertaking (UT5), the QCA is satisfied that the endorsed variation event has occurred and that the proposed amount has been calculated correctly and is consistent with the QCA fees and system volume forecasts for 2025–26.

This letter constitutes a written notice for the purposes of schedule F, clause 5.5(d) of UT5, and we require Aurizon Network to publish details of the variation to the QCA levy on its website and advise access holders and access seekers in respect of the relevant reference tariff component. We will also publish this letter and Aurizon Network's proposal for stakeholders' information.

I am happy to discuss any question you may have on this or any other matters. Should your staff have any further questions, they can contact Pag Arao-Arao in the first instance at 07 3222 0560 or pag.arao-arao@qca.org.au.

Yours sincerely

Charles Millstead
