

STAKEHOLDER NOTICE

22 December 2015

2014 Draft Access Undertaking (2014 DAU) - streamlined consultation process

The QCA recently released its consolidated draft decision to not accept Aurizon Network's 2014 DAU. The consolidated draft decision draws together all aspects of the 2014 DAU, sets out the reasons for the QCA's decision and the way in which the 2014 DAU should be amended in order for it to be approved. Submissions on it are due by **26 February 2016**.

In order to streamline and focus the consultation process, QCA staff are seeking to compile a list of the key issues of foremost concern to stakeholders. The QCA will consider holding stakeholder workshops on these matters in early February 2016, subject to the extent and breadth of matters raised.

Stakeholders are therefore invited to submit a list of key issues, in dot-point or summary form, by **27 January 2016**.

Consultation milestones in 2014 DAU Assessment Timetable

Task	Indicative dates
Release of consolidated draft decision	16 December 2015
Consultation and submissions	16 December 2015 - 26 February 2016
List of key issues for possible workshop due	27 January 2016
Possible workshop	Early February 2016
Release of final decision	end April 2016
