

Central Highlands Regional Council intends to make a submission under the irrigation pricing review on areas which will also impact our urban water pricing: The Issues from the SunWater water pricing review which impact the CHRC water prices are:

- Headworks Utilisation Factor (HUF) Changes from 55% HP to 72% HP
- Cost and requirement of Dam Improvement Program (DIP) or Dam safety
- Cost and requirement of Inspector-General Emergency Management (IGEM) or Emergency event management
- Recreational area costs pass through
- Non Routine expenditure, Upcoming and previous. 300% increase in Annuity requirements.
