

Mark

I would like to talk to you regarding our situation with out water license in the Burnett River.

My father was killed nearly 7 years ago (having lived on the property all of his 76 years) with the property now beeing sold but due to Sunwater and their rules and regulations they will not see fit to help us dispose of these licenses. If Sunwater would let us sell into a different zone we could sell it tomorrow but due to them owning water from Kirra weir they see fit to look after themselves and not the producers. The quarterly bill for keeping these licenses without using water is a disgrace and they won't see fit to listen or help our situation. Mum is now 85 and struggles with the amount of money going out and not being able to finalize his affairs.

Would appreciate time to talk to you to see if you have any suggestions as to how we can dispose of this water and close my father estate.

Many Thanks

Karen MacDonald
