

30 June 2011

Mr John Hall
Chief Executive Officer
Queensland Competition Authority
GPO Box 2257
Brisbane QLD 4001

Dear John,

Standard Connection Agreement

Please find attached QR Network's Standard Connection Agreement (SCA) for Customer Specific Branch Lines in accordance with clause 8.4(a) of QR Network's 2010 Access Undertaking.

QR Network has previously offered connection agreements to customers that contain terms and conditions similar to those included in the SCA.

QR Network has also included additional provisions within the SCA to give effect to performance standards for the management of coal loss. These provisions are consistent with terms included in negotiated Transfer Facilities Licences for existing loading facilities.

Please note that the SCA should be considered in conjunction with the proposed amendments to clause 8.3 relating to connecting infrastructure which were included in the Draft Amending Access Undertaking provided to the QCA in December 2010.

If you have any questions on this matter please feel free to contact me or Dean Gannaway on 3235 2055.

Best regards,

Colin Keel
Group General Manager
Commercial Development
