### Published submissions and late information — Aurizon Network's UT5 draft amending access undertaking investigation

On 3 May 2019, the QCA received a draft amending access undertaking (DAAU) from Aurizon Network seeking to make amendments to Aurizon Network's approved 2017 access undertaking (UT5).

On 24 September 2019, we published a position paper setting out our preliminary views and encouraging further contributions by way of submissions. Submissions were received from the following:

- Aurizon Network - received by the stated deadline
- QRC and supporting coal producers - received after the stated deadline
- Pacific National - received after the stated deadline.

These submissions are now available on our website.
