

## STAKEHOLDER NOTICE

11 December 2019

### Regulated retail electricity prices for 2020–21

On 10 December 2019, we received a delegation from the Minister for Natural Resources, Mines and Energy (the Minister) to set regulated retail electricity prices (notified prices) to apply in regional Queensland in 2020–21. This task has been delegated to us under section 90AA of the *Electricity Act 1994*.

In accordance with the delegation, we have today published an Interim Consultation Paper (ICP). The ICP is the first step in our price determination process and provides information on key issues we are considering in the context of setting notified prices for 2020–21.

The ICP and Minister's delegation are available on our website at [www.qca.org.au](http://www.qca.org.au).

### Invitation for submissions

Stakeholders are invited to make written submissions about the ICP, or any other issues relevant to our price determination, by **Monday 13 January 2020**. We will consider all stakeholder submissions received within this time period.

Submissions can be submitted electronically via our website ([www.qca.org.au/Submissions](http://www.qca.org.au/Submissions)) or sent to us by post:

### Confidentiality

In the interests of transparency and to promote informed discussion and consultation, we intend to make all submissions publicly available. However, if a person making a submission believes that information in the submission is confidential, that person should claim confidentiality in respect of the document (or the relevant part of the document) at the time the submission is given to us and state the basis for the confidentiality claim.

The assessment of confidentiality claims will be made by us in accordance with the *Queensland Competition Authority Act 1997*, including an assessment of whether disclosure of the information would damage the person's commercial activities and considerations of the public interest.

Claims for confidentiality should be clearly noted on the front page of the submission. The relevant sections of the submission should also be marked as confidential, so that the remainder of the document can be made publicly available. It would also be appreciated if two versions of the submission (i.e. a complete version and another excising confidential information) could be provided.

A confidentiality claim template is available on request. We encourage stakeholders to use this template when making confidentiality claims. The confidentiality claim template provides guidance on the type of information that would assist our assessment of claims for confidentiality.

### Public access to submissions

Subject to any confidentiality constraints, submissions will be available for public inspection at our Brisbane office, or on our website at [www.qca.org.au](http://www.qca.org.au).
