

# Queensland Competition Authority (QCA) Graduate Analyst

The QCA has opportunities for up to two graduates for intake in early 2023.

## QCA Graduate Program Features

The QCA Graduate Program is an entry-level program for talented micro-economists interested in pursuing a rewarding career in regulatory or competition economics. You will quickly apply your knowledge and skills, impacting on a broad range of state issues and government policies.

*“Working for the QCA has allowed me to develop my skills in economic regulation whilst working alongside experienced professionals in a team environment. Having the opportunity to do meaningful work with real outcomes makes for a rewarding experience.”* (Allie Davis, former QCA Graduate)

Graduates working at the QCA benefit from the following program features:

- the opportunity to do work with real outcomes, learning from well-respected industry professionals.
- competitive graduate salary
- placement within a small, professional and highly skilled project team (assignment areas may include Research, Energy, Water, Rail & Ports), with rotation to another area at the conclusion of initial project placement
- access to a range of flexible work options (including hybrid work from home/office arrangements)
- a culture that actively supports work/life/family balance
- assignment to a mentor economist
- regular opportunities for additional professional development and further study
- a genuinely inclusive and collaborative workplace
- access to a Professional Employee Assistance program (EAP)
- convenient location in modern premises in Brisbane CBD near Central station.

What will you do?:

- Assist with research into economic, financial and technical matters
- Contribute to reviews and investigations
- Prepare written reports
- Maintain financial models
- Assist with monitoring and reporting activities
- Work in a co-operative team environment
