Dear Ms Bains

Adjustment charges – infrastructure rebates and GAPE RCS DAAU

On 20 February 2025, the Queensland Competition Authority approved Aurizon Network's adjustment charges relating to the infrastructure rebates and GAPE RCS DAAU (totalling \$3.26 million).

This adjustment reconciles the actual access charges paid or payable from 1 July 2024 to 31 October 2024 with access charges calculated in accordance with the final reference tariffs the QCA approved in October 2024 (as part of the infrastructure rebates and GAPE RCS DAAU).

The approved adjustment amount includes interest calculations based on the QCA making this decision in February 2025. I note that Aurizon Network has acknowledged that the final interest applied may vary from the amount Aurizon Network assumed for the purpose of preparing the adjustment charge proposal.

We will publish Aurizon Network's proposal and this letter on our website for stakeholders' information.

I am happy to discuss any questions you may have on this or any other matters. Should your staff have any specific queries, please direct them in the first instance to pag.arao-arao@qca.org.au.

Yours sincerely

Charles Millstead
