**Aurizon Network 2025 UT5 DAAU**

22 December 2025

Dear Charles

I refer to the draft amending access undertaking submitted to the QCA for approval by Aurizon Network Pty Ltd (**Aurizon Network**) on 22 December 2025 (**2025 UT5 DAAU**). The purpose of this letter is to confirm to the QCA that Aurizon Holdings fully supports the content and effect of the 2025 UT5 DAAU.

The 2025 UT5 DAAU reflects the outcome of a detailed consultative process and negotiations undertaken by Aurizon Network with a range of industry participants operating mines in the central Queensland coal region.

The undertaking resulting from that process creates increased benefits for customers. The 2025 UT5 DAAU will also provide appropriate incentives for Aurizon Network to invest in its rail infrastructure for the benefit of its customers, as well as providing longer term certainty for the market.

Aurizon Holdings understands that the 2025 UT5 DAAU also enjoys the support of a range of industry participants.

Aurizon Holdings is confident that the 2025 UT5 DAAU meets the objectives of Part 5 of the *Queensland Competition Authority Act 1997* (Qld) and is appropriate for the QCA to approve.

Yours sincerely

Andrew Harding  
Managing Director & CEO
